## UNION CONVENTION.

THE Members of the Union Party are requested to elect Delegates to represent them in a County Convention of the Union Party, to be held at the Court House in the town of Quincy, on THURSDAY, the 13th Day of July, A. D. 1865, at 10 o'clock, A. M., for the purpose of nominating County Officers, selecting delegates to attend a Joint Convention with delegates from Lassen County to nominate a Member of Assembly, and to select Delegates to attend the State Convention. Also to elect a County Central Committee, and to take action on such other business as may properly come before it.

The several precincts of the County are entitled to representation as follows:

Taylorville	1	Jamison City	2
Crescent Mills	2	Beckworth's	2
Meadow Valley	2	Duck's Ranch	2
Light's Canon	1	Summit	2
Greenville	2	Franklin Hill	1
Round Valley	2	Big Meadows	2
Genesee	2	Soda Bar	1
Quincy	2	12 Mile Bar	2
Nelson Point	2	Bush Creek	2
Sawpit Flat	2	Rich Bar	2
Grass Valley	2	Neosho Creek	2
Corcoran's Creek	2	Marion Flat	2
Hopkins	2	Humbung Valley	1
Eureka Mills	1	Spanish Ranch	2

The Committee recommend that no one who was a legal voter at the last election, be permitted to vote at the primaries, or allowed a seat in the Convention, who did not vote for Lincoln and Johnson.

It is also recommended that no Delegate be elected unless he be a legal resident of the precinct where he is chosen, and that no proxies be given by Delegates to any except citizens of the precinct which they shall be elected to represent.

Primaries to be held on Saturday, July 8th.

By order of the Union County Central Committee of Plumas County.

RICHARD THOMPSON, Sec'y.

S. J. CLARK, Sec'y.

LOOK TO YOUR INTEREST.—A meeting is to be held at the Court Room to-day, (Saturday), for the purpose of taking the preliminary steps to organize a company for the purpose of building a wagon road from this place to Onion Valley; there to connect with the wagon road to Gibsonville and La Porte, and from there to Oroville via the Woodville road.

If the citizens of this valley, property holders and the farmers especially, will look at the benefit which will accrue to them, from the building of the road, there is not a particle of doubt but that the road will be built, and in a short time.

Such a road would open to the farmers in this section a good cash market for every pound of vegetables, every bushel of grain, and every pound of hay that they can raise.

The whole of that mining section of Sierra county, from Howland Flat and La Porte to the line of this county, as well as all of the southern portion of this county, could be supplied by them, they would receive a good price for their farm products, in cash, and have a market easy of access, at all times during the year.

The building of the road would increase the present value of ranches, at least one half, and there is not a single one of the ranchmen but that would be making a good, yes, a big paying investment, if to build the road, he was obliged to give the one-fourth value of his ranch.

If that route was opened, we could have a daily line of stages running to this place from Oroville. The California Stage Company now makes daily trips from Oroville to La Porte in eight hours, and from La Porte to Quincy in six hours, and the distance from Quincy to La Porte is only thirty miles.

The stockholders, and those interested (peculiarly) in the Indian V'y road would also be compelled (for their own interest) to complete their road. The county needs the road, and the citizens, not outsiders, will be obliged to build it; and if they look to their interests, each and every one will give the enterprise all the encouragement in their power.

We call attention to the advertisement of Dr. W. K. Doherty's Medical Institute, San Francisco, now the best arranged and most extensive one on the coast. The Doctor is one of the few physicians who step aside from the beaten track of the profession and advise, where those requiring services of a physician can find one whom they can depend upon.

Survey.—The Butte County Surveyor is at present at work, running the boundary line between Butte and Plumas. The line as run, gives to Plumas a large tract of country, heretofore claimed by Butte County. The line crosses the Middle Fork some distance below Hartman's Bar.

ATLANTIC PAPER.—By the last mail we received a large bundle of late Eastern papers, with White & Bauer's trade mark stamped upon them. Thanks gentlemen.

BITTER.—The newspaper war which is being carried on between the papers in Nevada Co., is a very bitter one. The issue is Sargeant and anti-Sargeant.

PAPERS.—No Struttman & Co., News Agents, are indicated for a liberal supply of Periodicals.

## EDITORIAL CORRESPONDENCE.

SUSANVILLE, JUNE 18, 1865.

This place is rapidly improving. New buildings are going up, and the citizens seem to be on the very verge of "The good time coming."

A new paper is soon to be started here, under the editorial control of Mr. Longmore. It is to be Union in politics. No name has yet been selected, but I suggest, as being in consonance with the surroundings of the valley, that they christen it, "The Artemesia Leaf." It certainly ought to have some reference to the immense wealth of sage brush fields, which abound in this region. The material arrived here last evening, and from a casual inspection as it was unloaded, should judge that it will be capable of doing very good work.

District Court will probably adjourn tomorrow. Judge Sexton has disposed of the business of the term, in his usual manner.

County Court will begin its criminal business on Wednesday, with (rumor has it) of quite a respectable number of indictments.

We hear that Jeff and Breckinridge are indicted for treason. This is as it should be, and the news meets with general approval; although there are a few who fear that Jeff may be hung. He has been guilty of that crime, and should suffer its penalty; not only as a fit punishment, but also to establish the precedent that we have a Government, and those who conspire against it, as he has, should know that they must certainly pull hemp. Some of his quondam admirers in this region, do not express very great admiration of his descent to the "last ditch."

Some little stir is being made in the political pool. Candidates, for the county offices, are as thick as blackberries; although as far as I can learn, there is but little bitterness engendered, the most of the feeling being local and personal in its nature. They all seem to feel sanguine, and prophesy an increased majority for the ticket this Fall.

Lisle Lester gave a couple of her entertainments in this town, and was well received and patronized. She returned to San Francisco, via Taylorville and Quincy, last Wednesday. On *Dit* has it that she is to return to Susanville in a few weeks to take up her residence here.

The Idaho & Chico stages go well filled, and the report which Capt. Pierce brings of the road, places ultimate success of this road beyond peradventure. And if Idaho is one-half what is claimed for it as a mining and agricultural region, it places Susanville on the high road to permanency and success. The people here certainly deserve success, for they are liberal to a fault, and very energetic. Would that I could say the same for other places within my knowledge.

In haste, J. R. B.

CONGRATULATORY ADDRESS OF GENERAL GRANT TO THE ARMIES.—WASHINGTON, June 4th.—General Grant has issued the following congratulatory address to the armies:

WAR DEPT., ADJUT. GEN'L'S OFFICE, WASHINGTON (D. C.), June 2, '65.

General Orders No. 108.

Soldiers of the United States: By your patriotic devotion to your country in the hour of danger and alarm, your magnificent fighting, bravery and endurance, you have maintained the supremacy of the Union and the Constitution, overthrown armed opposition to the enforcement of the laws, and of the proclamation forever abolishing slavery, the cause and pretext of the rebellion, opened the way to the rightful authorities to restore order and inaugurate peace on a permanent and enduring basis on every foot of American soil. Your marches, sieges and battles, in distance, duration, and brilliancy of results dim the lustre of the world's past military achievements, and will be the patriot's precedent in the defence of liberty had right in all time to come.

In obedience to your country's call, you left your homes and families and volunteered in its defence. Victory has crowned your valor and secured the purpose of your patriotic hearts, and with the gratitude of your countrymen and the highest honors a great, free nation can accord, you will soon be permitted to return to your homes and families, conscious of having discharged the highest duty of American citizens. To achieve these glorious triumphs, secure to yourselves and to your countrymen and posterity the blessings of free institutions, thousands of your gallant comrades have fallen and sealed their precious legacy with their lives. Their graves a grateful nation bedews with tears. It honors their memories and will ever cheer and support their stricken families.

GRANT.

UNITED STATES LANDS.—The United States Land Register at Marysville, A. J. Snyder, under date of June 5th, makes the following announcement:

Notice is hereby given, that the following described township plats are filed in this office on June 5, 1865, viz: Township No. 11 north, range 4 west; township No. 12 north, range 4 west; all of Mount Diablo meridian, State of California. Settlers upon lands in the above named townships are hereby notified to file their claims in the Register's office, at Marysville, within the time prescribed by law; otherwise they will lose the benefit of their claims.

The firm of Greenwood and Newbauer have been indicted by the United States Grand Jury for perjury in making a false statement of the amount of their business affairs to the Internal Revenue Assessor. The indictment charges them with swearing that their business transactions did not exceed \$50,000 per annum, while it is charged that it in reality exceeded \$150,000 at the time of making such statements.

W. M. WALKER, Wisconsin, has been appointed one of the ten Revenue Agents, authorized by the recent act of Congress, and assigned to the Pacific Coast for duty.—[Telegram.]

Wm. M. Walker is an uncle of E. L. Walker, better known under her nom de plume of "Lisle Lester."—[Appeal.]

THE 7-30 LOAN.—No such opportunity was ever offered the people for a favorable investment as the 7-30 Loan, and this opportunity will not long offer as the bonds are being taken by the millions daily.

## LETTER FROM NELSON POINT.

NELSON POINT, June 12, 1865.

Ed. UNION: Quincy with her charms has "gone from my gaze," and I again find myself on Feather River, enjoying camp-life very much as of old, if not less, and revealing in high hopes of making a strike, which is also the earnest prayer of my creditors. I have lately been engaged in prospecting and came to the conclusion that that particular branch of mining only pays when reworked in the end by rich diggings, or somebody has better faith than the prospector, and relieves him of all anxiety about the future development of his claim, by buying him out. Neither of the two conditions being likely to be carried into effect in my case, I "took up my bed and walked,"—pre-empted a quarter section of Feather river (not yet surveyed, but in market) and propose, without a chance of failure either to make a stake or burst. Without apprehension of the latter, I will now proceed to jot down the few items of probable interest of this vicinity.

Where river mining is the occupation of nearly three-fourths of the mining population no accounts of large yields are recorded until the latter part of the Summer or Fall, therefore the pleasure of regaling you on thousands of dollars made by Tom, Dick and Harry, must be deferred until some time after the "Fourth." The Middle Fork of Feather River, for about three miles below Nelson Point is to be thoroughly cleaned out this summer. No less than five dunes, besides numerous wing-dams are in course of construction between the mouth of Nelson Creek and Shasta Bar. The banks of the river present a busy appearance. The miller for the season becomes mechanic; pick and shovel are laid aside, and the ax and chisel plied in their stead until the last plank of the dam, sends the water rushing through the flume, and then—well, he resumes pick and shovel again and expects every day to get a small fortune to the pan, which expectation is never realized, but relieves a great deal of fatigue, caused by tenaciously holding on to a buggy which invariably upsets at the end of the road it is traveling on. Two of the claims now being flumed, one called the Fish-trap; the other owned by Maguire & Co., were worked profitably last year, and prospects obtained before the fall freshened up operations. I leave scarcely a doubt of their paying equally as well this summer. Of the others there are none but what are expected to yield every share-holder a handsome fortune, computed to suit each man's ideas of what constitutes that desirable sum.

Mitchell, Giles & Co., are engaged in running a tunnel in a hill adjacent French Ravine. They are within a few feet of the shaft from which they obtained their prospect, three bits to the pan. Copeland & Co. are engaged in prospecting one dollar to the pan, in a claim situated in the hill opposite Nelson Point, unfortunately for them the water failed before the claim could be farther developed. Bonner, Hardy & Co., have been pipping all winter in the old Lewis Ranch. They intend to clean up shortly. Their ground-slice is estimated to contain about six thousand dollars.

Nelson Creek is rapidly passing into the hands of the Celestials. I have heard of but four or five companies of white men intending to work the Creek the coming summer. The Ancient and Honorable order of E. C. V., held a special meeting last night. Business of importance was transacted, and new officers were elected. Since the opening of the road over the mountains, travel has assumed a healthier aspect, and daily new faces present themselves at headquarters. Whether they happen here by chance, or are attracted by the well deserved fame of Old Nelson for rich diggings, I do not profess to know. The boys finished a course of lessons in dancing, a few nights ago, and suppose are now ready to attend all the parties in the neighborhood, provided they are given before they get out of practice.

NEW COPPER WORKS.—The Cosmopolitan Co., at Genesee Valley have made arrangements with a company of Washoe capitalists, represented by Messrs. Sheldon & McLellan, which, if carried out, will be of great benefit, not only to the owners of the mine, but to the whole county. Sheldon & McLellan bind themselves to put up smelting works capable of reducing twenty tons of ore every twenty-four hours. They have several men now at work, and intend working between fifty and sixty in a short time. They are satisfied that the ore can be smelted and made to pay. It is their intention to have the works ready for smelting some time this fall. From this time the copper interest in this county will be second to none in the State, and Plumas will be as famous for productive copper mines as she is for quartz ledges.

UNION CONVENTION.—The call of the Central Committee for a Union County Convention, to be held in Quincy, on Thursday the 13th day of July next, is published in this issue.

JOHN WORK.—We are prepared to do all kinds of Job Printing, such as Posters, Hand Bills, Notices, Bill-heads, Cards, Receipts, Notes, &c., &c., at low prices.

PURCHASING AGENCY.—We call the attention of our readers to the card of Messrs. Knowlton & Co., published in this paper. All orders sent to them will be faithfully attended to.

HURRY UP.—"Occasional" and "Pioneer," of Sawpit Flat, have failed to forward us any communications during the past two weeks. We shall expect to hear from them soon.

A GOOD PAPER.—The Californian, a literary paper published in San Francisco, has greatly improved during the past six months and is now one of the best papers of the kind in the State.

W. W. PRATT runs a semi-weekly express from Honey Lake Valley to Virginia City, leaving the Valley on Mondays and Thursdays. Office, at Langton's Express Office.

NEW YORK, June 2.—The Poet's Washington special correspondent says: "The trial of Jeff. Davis in the United States Court in this city (Washington) will take place before a full bench, consisting of Judge Carter of Ohio, Judge Olin, of New York, and Judge Wyles, of Virginia."

NO LIKE, NO GOOD.—A Chinaman, who had visited the painting of Paradise Lost, was asked how he liked it. John answered, after the fashion of an Americanized Chinaman: "No like, no good like—no Chinaman in heaven—all melfican men—one nigger, no Chinaman—no good—paradise lost, much like."—[Express.]

## JOHN BULL ASKED TO SETTLE.

During the past four years England has exercised her pretensions of being mistress of the sea in a particularly safe and economical manner. She has been making war upon our commerce through such desperate agents as were to be found in the rebel States, so far as the results to our merchant marine are concerned, we might as well have been at war with Great Britain for the last three or four years, as at peace with her. The only vessels of war which have disturbed our ships upon the seas have been those that were built, manned and equipped in England. The only nation in the world to be benefitted by the destruction of our carrying trade is that of Great Britain. They are our only rivals upon the ocean. The South had nothing to gain from the burning of our ships. They never took a prize that they did not destroy, if we except the Ariel and one or two other ships which they bonded. England solely was the gainer by the damage to our merchantmen. And England ought to be made to pay for every dollar's worth of property belonging to the citizens of the United States destroyed by the Alabama, Tallahassee and Shenandoah. All three of these rebel pirates were built and equipped in England; and all of them allowed to leave English ports with the connivance of the British authorities. We have just got through one war, and our army and navy are foot-loose for another. We might as well fight it out with our enemies first as last. The English Government would despise us if they did not hate and fear us. They talk loftily and arrogantly yet. The demands of our Minister in London will probably be met with evasion if not with denial. If they refuse to indemnify our ship owners for their losses by the rebel sea-cruisers, we hope to see English commerce subjected to the enterprise of Yankee cruisers with old Faragut to direct operations. Let us have justice or war, and both if necessary.—[Carson Appeal.]

RETS OCT.—The citizens of Big Meadows will not allow any Indians to camp in the Meadows. Old Shavehead, Chief of a tribe of Indians near Lassen's Butte, came into the Meadows with nine or ten other Indians a short time since. The citizens ran them out, and informed them that if they were caught in that section again, they would be shot on sight. Old Shavehead has a splendid Sharp's rifle, and is a notorious old scoundrel.

MARRIAGES.—At Hungarion Hill, June 11, 1865, by A. J. Gifford, Esq., Mr. Thos. S. Moser to Miss Esther Lee.

Settled in California.—Dr. C. W. MOORE, late Surgeon General in the Army of General Butler, has opened a Medical Institute in San Francisco. His advertisement can be found in our advertising columns.

Dr. Hostetter's Stomach Bitters.

Wherever there is dyspepsia, they are in demand. Nor is it for indigestion at that they are a specific. Every disorder of the stomach, the liver, the bowels, and the nervous system, seems to yield to their influence. They are an antidote to pain; they refresh and reinforce the exhausted animal powers; they counteract the morbid principles of disease; they regulate the whole vital machinery, and may be justly termed the strongest ally that science has ever brought to the aid of nature in her struggle with sickness.

Sold by Druggists and Dealers everywhere.

Medical Advice.—Dr. Wm. K. DONNERTY's Medical and Surgical Institute is becoming a *sine qua non* to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural effect of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic diseases, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who in an incredibly short space of time has given them entire relief. It is gratifying to announce this fact, because the Doctor is a gentleman who seeks, not by deflation of others, to establish his reputation or to rear the superstructure of his own upon the ruins of another's fame. The Doctor conducts his Institute in such a manner that must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient after hearing his terms for treatment, can accept or reject at pleasure. If no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertains to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor, at all events, if it can do harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—[S. F. News.]

## LOCAL ITEMS.

**GRANITE BASIN.**—A new quartz mill will be built in Granite Basin this year to work rock from the ledge known as the Best Ledge.

**New Goods.**—C. T. Kaulback advertises a large arrival of goods of all kinds, which he will sell at the lowest prices for cash. Give him a call.

**Good Pay.**—Tripp, Uhle & Co., on the North Fork, for one day's work of three men, took out eight ounces from their claim, one day last week. Their claim averages one ounce per day to the hand.

**Shooting.**—A couple of Mexicans got into a difficulty over a game of cards, at Sawpit Flat, a short time since, and one of the parties drew his revolver and shot the other, inflicting a severe, but not dangerous wound.

**Indicted.**—We understand that the Grand Jury of Lassen county, which was in session last week, found bills of indictment against two or three of the citizens of this county, on the charge of larceny, running off cattle.

**Repairs.**—From parties who have recently passed over the road leading to Mohawk Valley, we learn that Mr. Penman, the Overseer of that District, has had a number of Chinamen at work upon the road, and that he has placed it in good repair. A loaded team can now travel without danger of running off the grade.

**New Arrangements.**—Mr. C. F. Low has returned from his trip to the west country, and taken his old position on the driver's seat, on the line of stages between this place and Oroville. The Company have made additions to their stock of horses on the route, and from and after this date, passengers can leave Marysville in the morning, and make the trip through to Indian Valley in thirty hours. The stages make three trips per week, going and coming.

**Arrested.**—The Company who have been at work for some time past, sinking a shaft in the flat at Jamison City, have been compelled to abandon the work. They sunk to the depth of one hundred and sixty feet, at which depth, the water came into the shaft in such quantities, that it was impossible, with the machinery they had, to keep it out. They found some very good prospects in certain layers of gravel, through which the shaft passed; but not enough to warrant them to purchase the machinery necessary to work the claim.

**Storied Him.**—A few days since, as Charles Walker, of Indian Valley, was traveling the trail from Rush Creek to Soda Bar, and when near the top of the ridge, between the two places, a "foot pad" confronted him with a revolver and ordered him to stop and hand over his loose change. Charles came to a halt and informed the highwayman that he had struck a poor customer, that he had no money with him; and after a short conversation was allowed to proceed on his way.

**Catch.**—During the past week, numerous robberies have been committed at and near the Chinese settlement on Silver Creek. Slaves have been robbed, cabins entered, and Chinamen knocked down and robbed in their own houses. On Wednesday and Thursday nights last, a crowd of white men were stationed around the camp, but the nights were so dark that it was impossible to discern an object at any distance. No depredations, however, were attempted on those nights, save one, and that about dusk on Thursday, when a couple of men entered a Chinese cabin, and after shamefully abusing the inmates, robbed them. A few days before, the same men went to a Chinese camp, on Green Flat, where there were a number of Chinamen, and caught and bound each one of the Chinamen, robbed the house, and then went out in broad day light and cleaned up the "slaves" from which they got about \$300. Two suspicious characters have been seen in that locality on several occasions. Early on Friday morning, two men stopped at Eq. Brown's at New Boston, and wanted breakfast. The men answered the description of the robbers, and Mr. Brown sent word immediately to the Dep. Sheriff and Constable, who were at Spanish Ranch, that the men were at his house. They immediately went down and arrested them, and took them to Spanish Ranch. A large crowd soon collected, among whom were the Chinamen who had been robbed. All of them picked out the two men as the robbers, at first glance at them, and one of the Chinamen went up and claimed the coat, one of the men was wearing at the time, which was taken from the Chinamen at the day before. The men could give no account of themselves only that they were prospecting. A crowd searched the bushes near Brown's house, and found a roll of blankets, &c., in which were two knives which the Chinamen had described as having been taken from them. An examination was had before Eq. Wright, but there being no one but Chinamen to testify against them, they were discharged from arrest. The miners in that locality then took the robbers under their charge, and still had them at last accounts. We presume that they will deal with them rather roughly. There is a very strong prejudice against their kind, in every portion of the county. Quibbles, in law, will not in all probability save the two prospectors from some punishment at the hands of the people in whose charge they were.

**Later.**—Yesterday evening, about dusk, the two men, who gave their names as Chas. Lee and Patrick Murphy, were taken to the woods near Silver Creek. Ropes were procured, and one end of one of them placed around Lee's neck, the other end thrown over a limb of a tree, and by the united efforts of several Chinamen, Lee was raised from the ground. He was allowed to hang for some length of time, when Murphy, who was a looker-on, no doubt expecting his time to come next, informed the men who had them in charge, that if they would let his friend Lee down, that he would confess to all the crimes they had committed. Lee was accordingly lowered, (he was nearly done for,) and Murphy then confessed that they had robbed several Chinamen, to the amount of over \$100. The confession was made out in writing, and signed and sworn to by Murphy. They denied being implicated in the robbery of the slaves of Talbert & Co. This morning (Saturday) the two men were brought to this town and lodged in jail. Suspicion rests upon three others, as being connected with the two prisoners; and it is hoped that they will be caught and punished. Lee made the remark this morning, that "he presumed that he would have to make brick at San Quentin again," which shows that he is an old States prison bird.

**STRAWBERRIES.**—We are told that there are acres of ground in the Big Meadows covered with strawberry vines, which are full of berries.

**NORTH FORK.**—Mining on the North Fork, has taken a new start this season. There are over twenty new claims being opened. All of the "bank" claims are paying well. Only a few of the wing-dam and river claims have commenced washing as yet. There are more men at work in that locality than there have been for years before.

**HUMBOLDT VALLEY.**—Nyheart & Co., at Humboldt Valley, are at work in their claims, and are averaging about one-half ounce per day. There is a large amount of travel over the road through Humboldt. From twenty to twenty-five loaded teams pass through there every day. The stage makes regular trips through to Susanville. A branch line runs to Indian Valley.

**SLICES.**—One night last week, the sluces in the claims of Talbert & Co., on Green Flat, near Meadow Valley, were robbed of about \$2,000. There must have been four or five men connected with the robbery, and no doubt were at work nearly all of the night, as large quantities of dirt which was in the cut was run out, the poles in the bottom taken out, and the dirt taken up and packed a short distance and washed out with a rocker. The robbers took out no less than \$2,300, and probably more.

### HAPPINESS OR MISERY.

THAT is the QUESTION.

THE PROPRIETORS OF THE "PACIFIC MUSEUM OF ANATOMY AND SCIENCE,"

determined, regardless of expense, to issue FREE

(for the benefit of suffering humanity) four of the

most interesting and instructive LECTURES, on

Myriology, the Decline of Manhood, Indigestion,

Weakness or Depression, Loss of Energy and Vital

Power, the great Social Evil, and those maladies

that result from youthful follies, excesses of matu-

rity, or ignorance of Physiology and Nature's

Laws.

These invaluable Lectures have been the means

of enlightening and saving thousands, and will be

forwarded FREE on receipt of Twenty-five Cents

in postage stamps, by addressing "Secretary, Pa-
